

## COURSE A

### *Visits to museums, churches and monuments*

The course is held in Italian and offers the opportunity to improve the Italian language and to visit the city's monuments at the same time. It can be considered complementary to the language course, as teachers use a comprehensible language at an elementary level. For those who attend the art classes as well, it is important to get in touch with the originals of the most important masterpieces in city museums, monuments and collections and watch the original artworks made with the techniques they are studying.

The course consists of guided visits to major museums, churches and monuments. It includes 6 lessons a week, gathered in three sessions. Timetable is after 12:30 p.m., compatible with Italian and Applied Art courses. The entrance fees are included in the course fee. Students can start every week and attend a minimum of 1 week and a maximum of 4. Tours vary each week and the final schedule of each week shall be notified two weeks before. It is necessary to register at least one week before the course start, as teachers have to make reservations and buy tickets in advance, especially in high season.
