ONE DAY WORKSHOP

The school offers private lessons of the duration of 3 hours for those who do not have time to attend the afternoon courses.

These workshops are held in the morning and during the time that the participants will have available they will learn the basics of a technique of their choice among the following: Painting, Fresco, Antinche Techniques, Drawing.

The teacher will explain the technique of your choice, introduce the use of the necessary materials and tools and guide the students in the practical realization of a small work to be taken home.

OUR WORKSHOPS

DRAWING (indoors o outdoors): students can choose to do drawing lessons indoors, still life drawing, or life drawing with a nude model (in this case at the price of the workshop will be added an extra for the model); or drawign outdoors in the streets and squares of Florence.

ANCIENT TECHNIQUES: students will do a little painting on a wooden board already prepared for the egg tempera, and the they will learn how to apply a gold-leaf decoration to certain areas of the painting.

FRESCO: students will learn how to create a fresco painting, working on a layer of fresh intonaco ("giornata"). They will not work on a wall, as it is expected from this technique, but on a special polystyrene board that is light enough to be taken home.

PIAINTING (acrylic paintings or watercolors): students can choose to learn how to paint with either watercolours or acrylic colors, very different types of paint that have in common very fast drying times. This will allow studetns to take home the painting at the end of the lesson without having to worry about ruining it during transport.
