SCULPTURE COURSE

The Sculpture course gives students the opportunity to learn the techniques necessary to work with clay or marble. Students will make “bas-reliefs” or sculptures in the round depending on their interests, and it will also be possible for them to make plaster casts of their works.

The school is equipped with a kiln where students can cook their clay sculptures with a small additional fee.

Blocks of clay and of high-quality marble from Carrara can be purchased directly at school.

To attend the Marble Sculpture course it is necessary to register for at least 4 weeks as learning how to handle correctly the tools necessary for the processing of this material and carving in itself can require a long time of practice.

Classes are in Italian and/or English and Spanish language, every day, Monday to Friday from 15.00 to 19.00.

At the end of the course students will receive a Certificate of Participation (Diploma).
