

POTTERY

The Pottery and Ceramic course takes place in a workshop nearby the school, where students are given the chance to learn an ancient form of craft. The course provides them with the necessary skills to work with clay using the pottery wheel as well as hand paint their creations.

For this kind of work, the control of the movements and of the force applied to the matter are essential. So first, the students learn how to handle the clay (for example they will learn to move the clay to its center of gravity so it can keep its balance for the whole shaping process) and how to use the tools necessary to work with it on the pottery wheel.

Afterwards they will shape their creations and apply the finishing touches such as details, handles and decorations.

It is also possible to focus only on the decorating techniques by working on ceramic items already made. The school is equipped with a kiln that students can use to fire their works, paying a small extra fee that vary depending on the size of the artifact.

Classes are Monday to Friday, from 9.30 - 13.00 / 14.00 - 17.00, students can choose how many hours to do and at what time, in accordance with the school, bearing in mind that it is possible to do a minimum of 2 hours per day and 10 hours per week.

It is necessary to enroll at least 2 weeks in advance in order to secure a spot in the class.

PRICE: 20 € per hour, materials included.*

*Finished bisquits used for decoration and firing of the ceramic pieces will be billed separately.

Lessons are held in Italian, the teacher also speaks basic English..

At the end of the course students will receive a Certificate of Participation, if requested.
