
PHOTOGRAPHY

The Photography course is structured so that students can start every week. Therefore there is not a fixed program, but students will concord together with the teacher a customized program based on their interests and level of experience.

The course is available all year round (except August) in Basic and Semi-Intensive mode, with a minimum enrollment of two weeks.

Classes are held 2 days a week for the Basic course and 3 days a week for the Semi-intensive course. Students are required to bring their own camera.

GENERAL PROGRAM

The program can be tailored to individual students' preferences, it will provide them with the technical skills for photographic production while helping them develop their own personal style.

The themes (Portrait, Architecture, Landscape, Still Life, etc.) will be addressed according to the student's interests and developed in the various exercises.

The program is therefore customizable and the topics covered can be the following:

1. INTRODUCTION TO THE PHOTOGRAPHIC TECHNIQUE

- Main camera features
- aperture - shutter speed - ISO
- White balance

2. COMPOSITION AND PHOTOGRAPHIC FORMATS

3. ELABORATION OF A PERSONAL STYLE THROUGH AUTHORIAL PRODUCTION EXERCISES

- Exercise of full and empty
- Exercise of blind-photography
- Exercise of the No-face portrait
- Exercise of being and appearing
- Circle exercise
- Travel exercise
- Exercise of emotions
- Exercise of refusal
- Exercise of control

4. POST-PRODUCTION

5. PROJECTUALITY

Structuring a photographic project, rules and supporting elements for the construction of a complex work ready for a photographic exhibition.

6. THEORETICAL IN-DEPTH OF THE HISTORY OF PHOTOGRAPHY
